

EBB & FLOW

Polkadots and stripes in bright happy colours hold an invitation to creating a light and fun feel, that made us want to party with cakes and puddings from childhood birthdays long since gone.

The nature-inspired colours displayed in clusters of lamps hanging from trees and peering from behind branches show the myriad of gentle elegant solutions that are possible with our palette of warm or cold shades, combining glass and metal.

EBB & FLOW designs and produces decorative and functional lighting.

Using classic British and Nordic style as a starting point combined with a passion for the basic materials glass, metal and textiles, the result is a style that infuses lighting and glass with a fine airy simplicity and a modern edge and depth of colour.

Our lamp collections are made to bring warmth and joy, translated through colours and shapes they inspire and offer lasting beauty.

The company continues to build on its tradition of combining a vintage look with a modern take in creating unique enduring design.

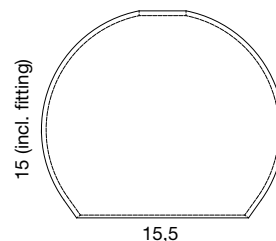

ROWAN PENDANT LAMP Ø15,5cm

MATERIALS: Mouthblown glass shade, E14 metal fitting and ceiling rose.

INSTALLATION: Woven textile cord 3x0,75mm². Cord length 200cm

CLASS: Insulation Class O **ILLUMINANCE:** 60 Lux **€**
